I'm not robot!

1979 yamaha qt50 manual transmission for sale

1-15 of 23 Sort By Relevancy Price: High to Low Price: Low to High Year: New to Old Year: Old to New Date: New to Old Date: Old to New \$2,999 Santa Clarita, California I have been the owner since 2008. I purchased the V-Max with under 1,000 miles. The motorcycle is in good condition. It is all stock with the exception of Progressive fork springs which improve front end dive and handling. It currently has over 111,400 miles. The last major service and valve inspection was completed at Pasadena Yamaha at 92,000 miles. All major services were performed at the Yamaha dealer. It is very clean as you can see by the photos.ENGINE & DRIVETRAINType: Liquid-cooled, 70-degree V-4 Valve arrangement: DOHC, 2 intake valves, 2 exhaust valves, adjusting shims atop buckets Displacement, bore x stroke: 1198cc, 76 x 66mmCompression ratio: 10.5:1Carburetion: 4, 35mm Mikuni CV, V-Boost valve systemLubrication: Wet sump, 5.0 qtMinimum fuel grade: 87 octaneTransmission: Wet, multiple-plate clutch, 5 speedsFinal drive: Shaft, 2.851:1CHASSISWet weight: 617 lbGVWR: 1100 lbWheelbase: 62.6 in.Overall length: 90.6 in.Rake/trail: 29 degrees / 4.7 in.Wheels: Cast, 18 x 2.15 front, 15 x 3.50 rearFront tire: 110/90V19 Metzler ME880Rear tire: 150/90V15 Metzler ME880Front brake: 2, 4-piston calipers, 11.7-in. discsRear brake: Double-action caliper, 11.1-in discFront suspension: 43mm stanchions, 5.5 in. travel, adjustable for air pressureRear suspension: 2 dampers, 3.9 in. travel, adjustable for spring preload, rebound dampingFuel capacity: 4.0 gal (.8 gal reserve)Seat height: 30.1 in.Handlebar width: 27.7 in.ELECTRICAL & INSTRUMENTATIONCharging output: 350 wattsBattery: 12v, 16AHForward lighting: 5.5-in. headlight, position lightsTaillight: Single bulbInstruments: Speedometer, odometer, tripmeter, tachometer, coolant-temperature gauge; warning lights for neutral, high beam, turn signals, low fuel, low oil levelPERFORMANCEFuel mileage: 26 to 39 mpg, 34.0 mpg averageAverage range: 136 milesRPM at 60 mph, top gear: 3820200 yard, top-gear acceleration from 50 mph, terminal speed: 91.4 mphQuarter-mile acceleration: 10.87 sec., 124.0 mph \$2,499 Daytona Beach, Florida 2003 Yamaha V-Star 650, ENGINE & DRIVETRAIN Type: Air-cooled, 70-degree V-twin Valve arrangement: SOHC, 1 intake, 1 exhaust valve per cylinder Displacement, bore x stroke: 649 cc, 81mm x 63mm Compression ratio: 9.0:1 Carburetion: 2, 28mm CV Lubrication: Wet sump, paper, cartridge-type filter, 2.9 qt Transmission: Spring-type clutch; 5 speeds Final drive: Shaft, 5.3:1 CHASSIS Wet weight: 515 lb GVWR: 897 lb Wheelbase: 64 in. Yamaha qt50 for sale Yamaha Champ - Pretty sweet bike but outrageously priced at \$1995. 1981 yamaha towny - \$300 (NE philly-grant and blvd). Hasn't ran,needs some tlc call or text Bruce at Yamaha Towny Moped 1980's Vintage \$200 FIRM has been sitting in garage for over 5 years ran at that time. Has not been worked on since then or started. "as is" Garage kept No Title 81 Yamaha TOWNY SCOOTER - \$700 (mt washington) I have a 1984 Yamaha QT50 (No-Ped), I have a Moped Title for it. It just needs a battery and the carb cleaned to be ridden again. These are great for camping, pit bikes etc. their lighthweight, shaft drive great all around scooters and parts are still avail online or at the dealer. Just been sitting in the garage, I also have a 1980 red one (with Title) that is in running condition that I might consider selling the pair. If interested let me know. Selling 2 Yamaha QT50 Mopeds. These were bought together and have been stored for years inside of a storage unit. One is complete and the other needs only a few simple parts. Still have the front baskets and the mirrors! They ran when stored, but will need new plugs, gas, to get running. These are rare and hard to find, especially 2 together. No titles. Must Sell. First \$675.00 cash OBO gets them. Great antique Yamaha QT50 for Sale. Asking \$1,500 or best offer! Dan Turco and Sons www.turcosyamaha.com Tues-Fri: 8:30-5:30 Sat:9-2 Sun and Mon: CLOSED I had to add this one. Detroit Metro, I bought this 1982 Yamaha QT50 with 1400 original miles, currently at 27xx. It goes 30mph. New Boyesen reed valve New Carb New Battery New magneto coil for spark Custom Yamaha motorcycle tank New Leather seat This bike fires up first kick every time, runs fabulously, never stalls. All lights work. Has great compression and spark. I don't trust the oil injector so I run mixed gas with Yamalube. Moped registration is good until April 30, 2018 Comes with spare plugs and the stock airbox, as well as a flywheel puller Text or email for questions, firm on price Columbus, Ohio \$500 Vintage 81 Yamahopper, great shape, runs fine and starts easily. New Carb, New Tires, New Seat Bucket and Seat Cover. Front brakes need replaced back work fine, all electronics work. 1600 miles. No title, as is. Max speed 30 mph, we have the mirrors just are not in the pics. Louisville \$1100 Sweet white Yamaha Towny, perfect condition starts up on the first turn everyone! Love this ride just strapped for bills. Hate letting it go:(my loss is your gain! 1100\$ OBO no scammers, cash only Please call or text 502-41five-5three8nine. Delivery available depending on location. Thanks, Dustin Ft. Wayne, Indiana \$400 For sale rare 1975 Yamaha chappy 50 cc engine been sitting for awhile need some lights but most everything is there 4000 miles has not been running in a while first 400.00 takes it call or text Brent Detroit \$150 2 chappys. need tlc. they are both 50cc bikes. I also have a box of parts. call or txt. 82 yamaha towny This thing is great shape and run great 180miles to gallon has about miles on it \$800obc offer if interested ask for # thanks Minneapolis Lawrence, Kansas \$900 awesome moped, runs great. saving for a car. NO EMAILS! NO EMAILS! NO EMAILS! NO EMAILS! If you want to to contact me call me or text me. Oklahoma City \$400 If you are in to the classic scoots, then this may be for you. You sure don't see these much anymore, but you can check them out on you tube. I drove this recently after it was sitting in my garage for over a year, un-started. It started right up. The main issue with this is that it needs new tires, they are dry rotted and not safe to ride on. It's got an automatic transmission, so if you've got kids or grandkids that you would like to get them something easy to ride, this is for you. I bought it to fix up for my granddaughter, but her family moved to Virginia. 1979 Yamaha Q150 Aberdeen, South Dakota This is a really nice running little Yamahopper. It is a first year model QT50 & has no odometer unlike all later models. It is in great condition & everything works very well. I have rode this quit a bit over the last year & just love it. It gets tons of smiles too but I just can't keep all my toys. When I say everything works well I mean all the lights, signals, speedometer & indicator lights. The brakes are both adjusted & easy to pull. The engine starts on the first kick every time unless it's been sitting for several weeks. I did just change the gear oil and installed a new air filter & battery. I don't see any damage to the scooter & it looks very original. It does show some wear but very minor considering it's age. I do have a clean title in hand. Local pickup in Aberdeen South Dakota only. Cash on pickup. Thank you! Louisville, KY \$275 I have a 1985 yamaha qt 50 yamahopper moped starts right up fun little scooter for more info call text or email serious calls only please Franklin, KY \$250 1984 Yamaha moped, had been hard to start and keep running lately, may be a carb issue, not sure, could use some tlc, it's a vintage moped, would make a good fixer upper,\$250obc, call or text 270776five zero five one, thanks. Upland, CA 1983 yamaha qt50 good cond needs a flywheel and previous owner mushroomed the flywheel side of the crank shaft threads not bad can be easily fixed in the right hands motor has great compression not locked up bike is complete and has the key local pick up only Kirksville, MO Up for sale is my running, riding Yamaha QT50 with 900 miles. This is a great little scooter for getting around town/campus or for someone without a license. This bike runs and rides great. Only thing it needs is a speedo cable. Oil/gas mixer still works, so there's no need for the pesky task of mixing gas and oil yourself. Overall is in great shape. It's a little rough around the edges but aren't we all? It's a solid bike that will get you where you need to go. No clutch to worry about so it's perfect for a beginner! Page 2 Kennedy, NY You are bidding on a 1979 Yamaha QT50 moped. I bought this a couple years ago with the the intent of fixing it up , but due to TO MANY projects I would like to pass it on. I was told this was running when parked several years prior to me buying it. It sat in a basement for what I was told was "FOREVER ". The engine turns over just fine and seems to have great compression so in my opinion it will run. Please look at all the pictures carefully, it is NOT perfect , but it does seem to be mostly complete and in good overall condition. It is just as I purchased it. I have not cleaned or tried starting the bike. I have NO TITLE for it so if that is a issue please consider it before bidding I also have a service manual for it which I printed out. Please ask any questions and I will do my best to answer and thanks for looking. Local pickup only. Milwaukee, WI I am parting out this entire machine. Please contact me with any questions about bike or any parts you are looking for. Looking for best reasonable offers on everything. Shipping and handling will be as reasonable as I can make them. 1982 Yamaha Qt50. 2990 miles. 49cc. Runs and drives good. Tires are in great shape. \$300 Chambana, Illinois Milwaukee, WI - \$600 for pair I have 2 project scooters for sale. One is a 83. I know because I do have the title (it's the one on the right in photos, no basket on back). The other I'm not sure of (bill of sale only) but they are the same moped! We ran them around out at the cottage years ago. The one with title did run last year, had it out a few times but still needs a little work to be reliable. I have not tried starting it yet this year. The Thumb, MI \$400 I have for sale a 1985 YAMAHA QT50. Overall condition is excellent for a 1985. Runs good. Could use a tuneup. Cosmetic condition is good. Has little rust specks on rims. Does not have battery in it. (runs with out battery) Posted around beginning of February 2016 in Columbus, Ohio Description: Vintage 81 Yamahopper, great shape, runs fine and starts easily. New Carb, New Tires, New Seat Bucket and Seat Cover. Front brakes need replaced back work fine, all electronics work. 1600 miles. No title, as is. Max speed 30 mph, we have the mirrors just are not in the pics. Asking - \$700 Thoughts: Probably a bit high for a QT50 with no title. Does have low miles. I would think for that kind of asking price, everything should be perfect. Front brakes are about \$12. Just do them. Most of your stopping power is in the front anyway. \$400-\$450 seems more appropriate for a QT50 with no title if everything is working as it should. Posted - 2/23/16 in Youngstown, Ohio area Description: or sale is my 1980 yamaha yamahopper: it has 2280 miles. this thing purrs like a kitten and needs absolutely nothing. turn key ready and street legal with clean ohio title. it's factory 50 cc but I installed a 65 cc big bore kit and a tuned exhaust. otherwise stock. will run 35+mph all day. very very nice original condition. has minor cosmetic flaws but all original nice condition. seat had a few tears but very comfy still. new covers are 20 bucks. I rode this almost daily in the summer for 2 yrs but have since relocated and live where speeds are too high to ride otherwise I would never sell. 600 cash firm firm only takes it. any questions call or text anytime at -, Rob Thoughts: As of March 19, 2016, he is firmly down to \$550. No mention of title so I assume no title included. New seat covers run about \$25-\$30. Why not fix it if you are asking top dollar. Hoppers run hot with bigger top ends like he has installed. I would hope to get closer to 40mph with what he has done. I would ask when he installed the kit and how many miles he has put on it since installing. Again, with no title, I think you are looking at \$400-\$450 if everything is as it should be. Posted - 2/1/16 in Danville, KY Description: 85 yamahopper qt50 that runs an rides an is in great shape for its age I use to ride it daily even reddid motor with new parts haven't rode it since last spring after got me vehicle can send more pics text call Thoughts: Can't make out what kind of exhaust that is in the pictures. Painted fenders. Title included. \$300 seems like a bargain if it runs right. Even if it doesn't, still a bargain. Posted - 2/5/16 in Grand Rapids, MI Description: 1985 Yamaha Yama-Hopper Tagged & Running \$900 OBO

1. **Introduction**
This document provides a comprehensive overview of the current state of the global economy, focusing on the challenges and opportunities presented by the COVID-19 pandemic. The analysis is based on data from the International Monetary Fund (IMF) and other reputable sources.

2. **Global Economic Outlook**
The global economy is expected to experience a period of slow growth in 2020, with a projected decline of 3.3% in real GDP. This is primarily due to the impact of the COVID-19 pandemic, which has led to widespread lockdowns and a sharp decline in consumer spending. However, the IMF predicts a strong rebound in 2021, with global real GDP growth of 5.9%.

3. **Regional Performance**
The impact of the pandemic varies significantly across different regions. North America is expected to show a strong recovery in 2021, with real GDP growth of 5.4%. Europe is projected to grow by 3.3%, while the Asia-Pacific region is expected to grow by 5.2%. Latin America and the Caribbean are projected to grow by 3.0%, and the Middle East and North Africa region is expected to grow by 2.0%.

4. **Key Challenges**
Several key challenges are expected to shape the global economic landscape in the coming years. These include the impact of climate change, the ongoing trade tensions between the United States and China, and the potential for a global financial crisis. Additionally, the COVID-19 pandemic has highlighted the need for stronger international cooperation and coordination.

5. **Policy Recommendations**
To address these challenges and promote sustainable economic growth, the IMF recommends several policy actions. These include strengthening macroeconomic fundamentals, improving labor market flexibility, and investing in infrastructure and human capital. Additionally, the IMF calls for stronger international cooperation and coordination to address global challenges.

6. **Conclusion**
The global economy is facing significant challenges, but there is a strong potential for a strong recovery in 2021. However, the impact of the COVID-19 pandemic is likely to be long-lasting, and the global economy is expected to experience a period of slow growth in the coming years. The IMF predicts a strong rebound in 2021, with global real GDP growth of 5.9%.

8. **Appendix**
Appendix A: Global Real GDP Growth (2019-2021)
Appendix B: Regional Real GDP Growth (2019-2021)

9. **Footnotes**
Footnote 1: The IMF's growth projections are based on the assumption that the COVID-19 pandemic will be contained and that global economic activity will return to pre-pandemic levels by the end of 2021.
